

HOT WATER PRODUCTS

SERVICE BEYOND THE SALE

HIGH-EFFICIENCY, INDUSTRY-LEADING EQUIPMENT FOR ALL YOUR BOILER ROOM NEEDS.

DOMESTIC HOT WATER

- Full range of residential, light commercial and industrial water heaters
- Indirect and tankless water heaters
- Combination domestic water & space heating appliances

HYDRONICS

- Hot water boilers: High efficiency residential and commercial; watertube, firetube, flextube; NG/LP/Oil/Electric
- Terminal units: High temp coils and unit heaters; low temp radiant and snowmelt

STEAM SYSTEMS

- Steam fired boilers and hot water heaters
- Steam to steam generators
- Deaerator and boiler feed equipment
- Chimney systems
- Steam trap sales, testing, and repair
- Blow down heat recovery and boiler stack economizers

TANKS

- Expansion tanks (ASME and non-ASME)
- Large volume storage tanks: glass-lined, epoxy, or cement-lined; stainless steel, bare or jacketed
- Boiler Buddy buffer tanks and hydronic

COMPONENTS

- Heat exchangers: shell & tube, plate & frame, brazepak, spiral
- Burners: commercial, industrial, process/air handling
- Coils: steam, water, booster, fluid, condenser
- Valves and actuators
- Boiler controls and monitoring systems
- Air separators, triple duty valves, flow diverters, balancing valves
- Flow switches, strainers, auto-fill and backflow preventers

WATER CONDITIONING

- Water softeners and water treatment products
- Iron filters and lead removal
- Comprehensive water testing services **NEW**

PUMPS

- Booster pumps
- Boiler feed and condensate pumps
- Circulator pumps: inline, end suction, residential or commercial; wifi capable
- Waste water and submersible pumps

SOLAR THERMAL

- Solar hot water systems for domestic hot water, space heating, and pool heating
