

AMS LINE CARD

Boiler Room Products & Accessories

Complete solutions for industry and Mechanical Professionals.
Equipment Sales and Support.

 <p>on-demand, modular, high efficiency steam boilers and parts</p>	 <p>manufacturer of safe, high efficiency boilers that are both extremely reliable and have a long life</p>
 <p>steam water heaters, heat transfer, and boiler feed systems</p>	<p>–weishaupt–</p> <p>gas, oil and dual-fuel burners, compact, medium, and large size</p>
 <p>domestic water booster pumping systems</p>	 <p>chimney systems for boilers</p>
 <p>mechanical, thermostatic, thermodynamic steam traps and more</p>	 <p>American manufacturer of stainless steel boiler feed systems, pumps, tanks and accessories.</p>
 <p>steam specialty and fluid control devices including regulators, pilots, and valves</p>	 <p>industrial and bimetal thermometers, pressure gauges</p>
 <p>check valves and control valves</p>	 <p>full array of cast and forged gate and globe valves</p>
 <p>steam traps, valves and control systems for heat and process fluid control</p>	 <p>engineered pump solutions including submersible and surface</p>
 <p>wide variety of coils including booster, evaporator, steam & more</p>	 <p>chimney and exhausting components plus accessories</p>

McDonnell Miller Controls & Replacement Gaskets - Full line of LWCO's, Flow Switches, Feeders, and Boiler Level Controls including Replacement Parts

High Density Fiberglass Rope Gasket, Rubberized Tadpole Tape Gasket, and High Density Fiberglass Tape Gasket - Various sizes and styles to fit nearly every application.

Topog-E Handhole and Manhole Gaskets - Hundreds of different sizes and styles in stock for nearly every application.

Fireeye Flame Safeguard Controls and Components & Microprocessor-based Integrated Burner Management Control.

AMS STEAM TRAP SURVEYS We use the finest, most technologically advanced steam trap testing equipment available today. Call to schedule an assessment.

Honeywell Controls - Full line of ignition controls, flame safeguards, sensors, boiler controls, gas valves, actuators, switches, and more.

Firetube Boiler, Fireside & Waterside Gasket Sets - One package ready to go!

Best training center of its kind in the United States with fully functional boilers and water heating equipment

AMS is a wholly-owned subsidiary of Hot Water Products, Inc.

Together with the huge assortment of water heating units, components, and parts available through Hot Water Products, we have you covered! Including heat exchangers, cast iron steam boilers, and more.
