

AMS LINE CARD

Boiler Room Products & Accessories

| | |
|--|--|
|  <p>on-demand, modular, high efficiency steam boilers and parts</p> |  <p>electric & gas-fired steam and hot water boilers</p> |
|  <p>low and high pressure steam boilers, condensing and non-condensing boilers and more</p> |  <p>gas, oil, combination, and low NOx burners and combustion control systems</p> |
|  <p>steam water heaters, heat transfer, and boiler feed systems</p> |  <p>domestic water booster pumping systems</p> |
|  <p>mechanical, thermostatic, thermodynamic steam traps and more</p> |  <p>steam specialty and fluid control devices including regulators, pilots, and valves</p> |
|  <p>float and thermostatic (F&T) steam traps, thermostatic industrial steam traps, parts, repair kits</p> |  <p>steam traps, valves and control systems for heat and process fluid control</p> |
|  <p>steam traps, pumps, temperature control valves and more</p> |  <p>industrial and bimetal thermometers, pressure gauges</p> |
|  <p>check valves and control valves</p> |  <p>full array of cast and forged gate and globe valves</p> |
|  <p>microprocessor based controllers, burners, instruments, and electric actuators</p> |  <p>engineered pump solutions including submersible and surface</p> |
|  <p>wide variety of coils including booster, evaporator, steam & more</p> |  <p>chimney and exhausting components plus accessories</p> |

Complete solutions for industry boiler sales, service, and support.

Cleaver-Brooks Fireside & Waterside Gasket Sets - Complete sets in one package, ready to go!

"Cleaver Brooks" is a registered trademark of the Cleaver-Brooks division of Aqua-Chem, Inc. The products offered are not manufactured or authorized by Cleaver-Brooks, nor is AMS Steam Products, LLC in any way associated or affiliated with Brooks or Cleaver-Brooks or Aqua-Chem, Inc.

McDonnell Miller Controls & Replacement Gaskets - Full line of LWCO's, Flow Switches, Feeders, and Boiler Level Controls including Replacement Parts

High Density Fiberglass Rope Gasket, Rubberized Tadpole Tape Gasket, and High Density Fiberglass Tape Gasket - Various sizes and styles to fit nearly every application.

Topog-E Handhole and Manhole Gaskets - Hundreds of different sizes and styles in stock for nearly every application.

Fireye Flame Safeguard Controls and Components & Microprocessor-based Integrated Burner Management Control.

Preferred Instruments - Manufacturers of microprocessor based controllers, burners, instruments, and electric actuators for combustion and process applications.

Honeywell Controls - Full line of ignition controls, flame safeguards, sensors, boiler controls, gas valves, actuators, switches, and more.

AMS is a wholly-owned subsidiary of Hot Water Products, Inc. - Together with the huge assortment of water heating units, components, and parts available through Hot Water Products, we have you covered! Including heat exchangers, cast iron steam boilers, and more. Log on for more information: hotwaterproducts.com

AMS TEST BENCH - We have the ability to test your Honeywell and Fireye Flame Safeguard and Burner Controls. We also stock a full supply of replacements.

AMS STEAM TRAP SURVEYS We use the finest, most technologically advanced steam trap testing equipment available today. Call to schedule an assessment.
